Dear Sir:-

In reply to your letter of the 24th, regarding my appointment to the position of Border Patrol Inspector, I am sorry to say that I am not able to accept same at this time, as I am at present employed by the U.S. Government in the capacity of U.S. Customs Border Patrol Inspector and am in charge of a unit at Niagara Falls.

However, if possible, I would appreciate your holding my rating and standing on the list for a later call, pending my acceptance at a later date.

I am making this request as the duration of the Customs Border Patrol may be effected should there be any modification of the 18th Amendment, which, at this time, is rather uncertain.

Trusting this will be considered favorably, I remain,

Yours very truly.
