In order that the Bureau may be given an idea as to the appearance of the Inspectors in this District wearing the uniforms as prescribed, there is transmitted herewith two copies of photographs, one showing the Inspectors, D. H. McCormick, and Donald O. Bircher, together, the other having myself shown with them. The photograph of the two Inspectors together was run in the two newspapers here and favorable comment was made as to the appearance of the Inspectors in the uniforms.

It will be noted that "Sam Brown" belts are being worn by the officers, this distinguishes the Inspectors from others here who have uniforms somewhat similar to ours.

The uniforms are worn at all times by the Inspectors.
