

U. S. DEPARTMENT OF LABOR
Immigration Service

File No. 1011.

Office of Chief Patrol Inspector,
Tucson, Arizona,
September 17, 1927.

ALL SENIOR PATROL INSPECTORS
AND OFFICERS IN CHARGE OF STATIONS:

It is desired that, if practical, each of you report to headquarters on the evening of the 22nd instant, bringing with you as many of the officers at your respective stations as can be spared. It is planned, on the 23rd instant, to have a "round table" discussion concerning local Border Patrol problems; also, U. S. Commissioner Edwin F. Jones, Dean of Tucson Lawyers, has kindly consented to address us on the subject "The authority of federal officers", which address will be of interest and benefit to all of you.

At 2:00 P.M. the 23rd instant, it is believed that Colonel Charles A. Lindbergh and his plane "The Spirit of St. Louis" will land at the local flying field for a visit to Tucson, where he is to be feted. It is desired that all officers coming to the conference above mentioned wear their uniforms, as it is believed this Service will lend its assistance to local officers in patrolling the landing field where the Colonel will land.

(Signed) Samuel F. Gray
Chief Patrol Inspector

CC: District Director, number unknown.
