

IN ANSWERING REFER TO

No. 301/0

Office of Chief Patrol Inspector,  
Laredo, Texas, June 3, 1931.

District Director,  
Immigration Service,  
San Antonio, Texas.

With reference to your letter of May 9th, file No. 3000/151, in which it was requested that a series of tryouts be conducted amongst the men with rifles and pistols to demonstrate their proficiency as marksmen, you are respectfully advised that such a tryout conducted at this station resulted in such poor scores that none of them are being sent in. However, Patrol Inspector James W. Leflar is an excellent shot with a rifle when in practice. He has competed in a number of State and National matches and has won quite a number of medals at these matches.

There is being attached hereto, for your information, a list of the rifle matches in which Patrol Inspector Leflar has competed.

(Signed) Hubert P. Brady,  
Chief Patrol Inspector.
