Gentlemen:

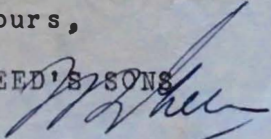

If there has been issued a new set of specifications covering Border Patrol and Immigration Inspectors since general order No. 179 of November 7, 1932 and May 2nd, 1934, copy of same will be greatly appreciated.

We have a communication from one of the Border Patrolmen stationed at El Centro, California, who states that the regulation caps of the Southern Border are to be made with a cordovan colored visor and strap instead of black ones as prior specifications called for. 

Will you kindly inform us if the above is correct.

Your reply addressed to Mr. W. L. Geller, Will be greatly appreciated.

Very truly yours,

JACOB REED'S SONS
