TO ALL DISTRICT DIRECTORS
AND ALIEN DETENTION STATIONS

The following items of uniform equipment are now available, and can be obtained through requisition on Form 785-C submitted to the Central Office in the usual manner.

Border Patrol gold service stars

Immigrant Inspector shoulder ornaments,
pin type only

As there is no difference between the new shoulder ornament and the one presently in use, requisitions should cover only such amounts as are actually needed to equip officers without the insignia and to replace insignia in poor condition, plus a reasonable quantity for stock.
