Commissioner, Border Patrol, Southwest Region

Border Patrol Uniforms

Recent changes in the uniform regulations have been made to allow the wearing of a short sleeve, open neck uniform shirt. Conditions under which this shirt can be worn have been clearly established. If an undershirt or T-shirt is worn with a short sleeve shirt, it will be of a type that is not visible, either at the collar or the sleeve.

This instruction is not intended to direct that an undershirt or T-shirt must be worn with a short sleeve shirt. It merely points out that if such garment is worn, it will be of a type that is completely concealed by the shirt.
